

Your Full Line Chain Link Source

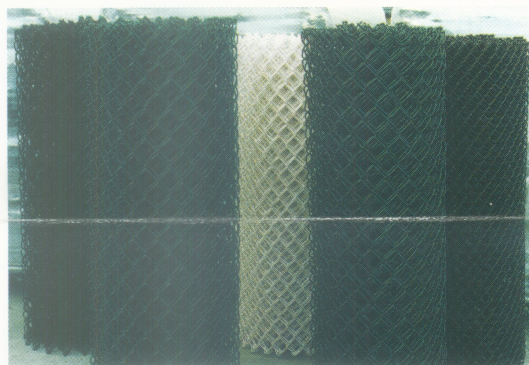

- Class I, III, and IV Chain Link Fence fabric
- Chain Link Fence available in space friendly compacted rolls and big rolls.
- (PCV) extruded vinyl Chain Link fence in a variety of colors.
- American Made Tension Bars and Drop Rods
- American Made Framework
- A complete line of Boxed and Bar Coded fittings

Galvanized Chain Link Fence

Compacted Chain Link Fence (left) is very effective for those who have space concerns. A pallet of compacted Chain Link holds 12 to 16 more rolls per pallet than the standard non compacted roll.

(PCV) Vinyl Coated Chain Link Fence

(PCV) Extruded Chain Link Fence is one of the fastest growing areas in the fencing industry. It has become popular among golf courses, resorts, and has made its way into suburban America.

Boxed Fittings

We offer a full Line of Boxed fittings. Everything your customer needs to build their Chain Link fence.

Galvanized Tension Bars

Southwestern Wire, Inc. is the only domestic manufacturer of galvanized tension bars and Drop rods. So if your customers want to buy American. Your answer is Southwestern Wire, Inc.
