# Echelon®

The Higher Level of Aluminum Fences

**Echelon® is manufactured by Ameristar Fence Products in Tulsa, Oklahoma. Ameristar is the world's largest manufacturer of ornamental fencing.**

The #1 deficiency of most ornamental aluminum fences is insufficient strength and durability in the long term.

The fact is, most backyard fences are constantly in harm's way. Lawn equipment, falling limbs, meter readers, and rough-housing children all contribute toward damage and wear on a backyard fence. Echelon® is designed with long-term durability in mind.

The reinforced cross-section of the Echelon® rail is 36% stronger than comparable residential aluminum fences. This added strength, coupled with an improved post design, powder-coated finish, and fully welded gates, guarantees years of maintenance-free service and value.

## THE ECHELON DIFFERENCE

**ECHELON  
FORERUNNER**

### Internal Locking System

- Internal rod is tamperproof; pickets cannot be removed
- Rod goes through two walls of picket giving twice the shear strength
- Rod is completely hidden; rail has clean, finished appearance

VS.

**CONVENTIONAL  
U-CHANNEL**

### Removable Tek Screws

- Picket attachment can be easily compromised with simple tool
- Tip of Tek screw barely engages one wall of picket
- Exposed Tek screw detracts from a smooth architectural profile

Whatever your taste. Echelon® offers today's most popular styles.

Echelon® Residential Ornamental Aluminum

www.ameristarfence.com

## Classic™

Echelon® Classic™ style ornamental fences feature the traditional extended picket culminating with an arrow-shaped spear point that simulates old style wrought iron.

## Majestic™

The contemporary Echelon® Majestic™ style utilizes a flush top rail to produce the stately and streamlined look that blends well with flowers, shrubbery, and trees used in border landscapes.

## ENVIRONMENTALLY FRIENDLY FINISH

Ameristar's production facilities include a state-of-the-art polyester powder coating system. Powder coating does not emit hazardous volatile organic compounds as is the case with wet paints. You will have total peace of mind knowing that Echelon® comes with a limited lifetime warranty backed by an American company with over 25 years of industry-leading experience.

## ADORNMENTS

Ameristar offers attractive ornamental fittings to highlight the decorative look of the fence.

Picket tops such as the quad-flare shown to the right or the triad shown below give the basic fence an even more distinctive appeal.

## GATES

From walk gates to Estate arched swing gates, you can find the perfect compliment for your project. Fully welded construction ensures trouble-free operation for both manual and operator-assisted applications.
